Hon O. C. Bosbyshell
Superintendent of Mint-Phila
Dear Sir

I am in receipt through Messrs Handy & Harmon of your report of assays on No. 5105-L-18 on which you make a shortage in assay of 2½ thousandths. I have had the samples taken from the bars assayed and not a bar in this lot assays below 998 fine. Other lots have from time to time been reported below the fineness found by myself and other assayers. I should be pleased to have you investigate this matter as it is of serious import to me

Yours very truly
